

# Splash guard

The choice of perfection

Ideal for all targeted cleaning applications, especially for pipe cleaning or as splash guard for attachment to the lance

Stainless steel fixture for lances

**Versatile application:** can also be combined with different rotating pipe cleaning nozzles, e.g. for cleaning drains or drainages.

## Foam funnel splash guard for attachment to lances

- Material: **stainless steel** and PVC
- Easy installation due to adjustable mounting with thumb screw
- Easy to clean, open with snaps
- Height 370 mm, diameter 200 mm at the bottom
- Maximum temperature 80° C

**High quality workmanship made of stainless steel:** The attachment is easily adjustable with a thumbscrew.

**Buttoned:** The PVC protection can be easily opened and cleaned with three press studs.

**Upon delivery:** The PVC cover is protected on both sides with a protective film against scratching or damage.

**Also available with ST-29:** Ready-made on the popular lance with the ergonomic blue insulation.

# Splash guard
