

Low-pressure hose trolley

The choice of perfection

robust processing:
tube \varnothing 30 mm

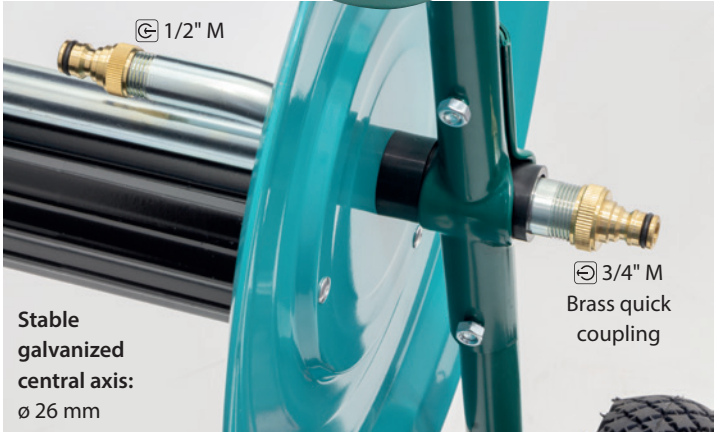

for 80 meter hose DN
19 / \varnothing 3/4"

Wheel axle: \varnothing 20 mm

Mobile hose reel for the low-pressure connection

- Smooth-running hose reel with a width of 34 cm for holding low-pressure hoses
- Epoxy powder coated drum and frame
- Two high-quality brass quick couplings
- Two large wheels for easy manoeuvring
- Inlet: 3/4" M, outlet: 1/2" M
- Weight: 11,8 kg
- Suitable for 80 meters of hose with a diameter of 3/4" (DN 19) or 60 meters of hose with a diameter of 1" (DN 25)

1/2" M

Stable galvanized central axis:
 \varnothing 26 mm

3/4" M
Brass quick coupling

Reliable and easy to use: roll up with the stable crank.

Air-filled:
Large wheels with good grip for maneuvering even on uneven surfaces.
 \varnothing 260 x 85 mm
