

Low-pressure hose trolley

The choice of perfection

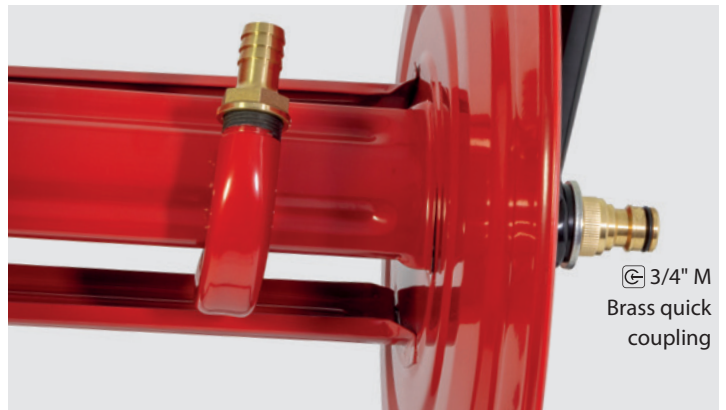

robust processing:
tube \varnothing 30 mm

for 60 meter hose
DN 19 / \varnothing 3/4"

Mobile hose reel for the low-pressure connection

- Smooth-running hose reel for holding low-pressure hoses
- Width: 60 cm, height: 97 cm, weight: 11.4 kg
- Epoxy powder coated drum and frame
- Two high-quality brass quick couplings includes
- Two large wheels for easy manoeuvring
- Inlet: 3/4" M, Ausgang: 3/4" M
- Suitable for 60 meters of hose with a diameter of 3/4" (DN 19) or 30 meters of hose with a diameter of 1" (DN 25)

3/4" M
Brass quick
coupling

Reliable and easy to use: roll up with the stable crank.
Stable central axis \varnothing 14 mm

Air-filled: Large wheels with good grip for maneuvering even on uneven surfaces. \varnothing 260 x 85 mm
