Product Description

The choice of perfection

PRODUCT NO.: 10827107

FLEX BRUSHLANCE 1000 MM 1/4"M INJECTOR

Lance with moulded handle, air injector and wash brush

Inlet: 1/4" M without handle
Outlet: Wash brush (Bristles 60 mm)
Lenght lance: 1.000 mm
Lenght insulation: 800 mm
Flow: min. 9 l/min.
Pressure: 20.0 - 80.0 bar / max. 50°C

Flex-mechanism: The Flex-Brush has an additional feature compared to all existing wands. It's the wobble feature! This will allow the brush head to wobble when not under pressure and become solid when under pressure. The mechanism requires a minimum pressure of 2.5 bar to be used. This will happen through a pin which moves forward. As soon as the pressure drops, the pin will move back to its origin position and the brush head starts to wobble again.
Integrated swivel (optional): An integrated swivel at the inlet of the brush-wand will give you optimal freedom of movement. In addition, the high pressure hose will not tangle up and will provide the user a secure handling.

easywash365+ handle and lance rotating (optional): for a safe and ergonomic handling

Technical data

Flow	min. 9 l/min	Height	60 mm Borsten
Inlet	1/4" M	Length	1.000 mm
Output	Wash brush	Pressure	20 - 80 bar
Temperature	50°C
