Product Description

The choice of perfection

PRODUCT NO.: 200010760

NOZZLE PROTECTOR ST-10 1/4" F

Black/Green

2-component nozzle protector ST-10
Suitable for nozzles 1/4" M NPT
Material: Plastic / Stainless steel
Colour: black / green
Max. 500 bar

The ST-10 is the ideal combination made out of hard and soft plastics. The nozzle protector is suitable for cold and hot water applications in the car wash, agriculture and food industry. The ST-10 is unimpeachable, protects your nozzles and preserves the surfaces to be cleaned at the same time.
