The choice of perfection

PRODUCT NO.: 200075517

FOAM NOZZLE ST-75-2,1 1/4F BLACK

With nozzle
Hole diameter: 1.20 mm
Inlet: 1/4" F
Colour: Black
Max. 350 bar / 100°C
Material: Plastic / Brass

By means of the foam head ST-75 different foam applications are possible as the air injector nozzle is easily exchangeable and adaptable. The flat spray nozzle can be infinitely adapted from the vertical position to the horizontal one. The maximum flow is dependent on the chosen nozzle size. By means of the integrated air injector in the foam head the air is sucked in on the face side. Independent of the length of the lance a constant foam quality is guaranteed. The spraying result is especially even as a high quality foam nozzle insert is used.

Technical data

Inlet	1/4" F	Manufacturer	Suttner
Material	Stainless steel	Nozzle	2,10 mm
Pressure	350 bar	Series	ST-75
Temperature	100°C
