Product Description

The choice of perfection

PRODUCT NO.: 200078530

LONGCAST LANCE ST-78 850 MM ST-29

ST-2620 1/2F-Swivel

Longcast lance 350 mm with insulation ST-29 Cool & Compact 330 mm, gun easyfarm+ with patented LTF-technology, grip aside and nozzle protector made out of plastic without nozzle

Inlet: 1/2" F swivel
Outlet: Nozzle protector without nozzle
Total lenght: 850 mm
Max. 280 bar / 60 l/min. / 100°C
Material: Stainless steel

The longcast lance can be connected to a low pressure pump, to a high pressure pump, to the public water system or to the extinguishing water network.
The lance works in the medium pressure range. By means of its very good solidity, good handling and compactness the lance is especially suitable for the intensive use.
The lateral hand grip makes a stepless adjustment of the water jet during the operation possible. A long casting point jet or a progressive, conical spray jet can be set.
In order to realize ideal cleaning results the nozzle size needs to be adapted to the pump performance (pressure and flow rate)

LTF - Low Trigger Force 90% reduced holding force and 40% reduced trigger force against usual market guns.

Technical data

Color	Black	Flow	60 l/min
Inlet	1/2" F swivel	Manufacturer	Suttner
Material	Stainless steel	Output	Nozzle protector
Pressure	250 bar	Series	ST-78
Temperature	100°C	Type	Standard
