Product Description

The choice of perfection

PRODUCT NO.: 30513450

HOSE PLASTIC NTS YELLOW 3/4" 50 MTR

6-layer garden hose with exclusive NTS mesh
Yellow strong and malleable garden watering hose for intensive use, with NTS and SKY TECH
technologies.

Thanks to the unique and original NTS mesh technology, NTS YELLOW is malleable and does not
knot or twist: the water flow is always perfect and constant, even in intensive conditions of use. The external
surface of the hose features the SKY TECH technology, which increases cut and abrasion resistance and
makes the hose frictionless on all surfaces, including corners. recommended for intensive use, ornamental
and vegetable garden watering, washing and cleaning. With an inner black layer that prevents the formation
of algae, and materials treated to ensure resistance to UV rays and high and low temperatures (-20°/+60°C).
